

Let Every Nation

作詞/作曲：三橋惠之矩

Whom of you will hear the cry of my heart
Whom of you will hear the cry of my people
Whom of you will stand and share the compassion in their heart
Whom of you will stand whom of you will stand in love

Let the voices of the people rise and say I am here
May the voice of the Righteous strongly say we are one

Let every nation let every nation
Cry out for peace cry out for hope cry out for love and harmony
Let every nation let every nation
Rise up with love stand strong in love till the day that we will
live in unity

No mans justice can take me away from the hope that I have been
given
and no mans justice can take away the freedom that is within my
soul

So my soul will sing so my soul rejoices of peace

Let every nation let every nation
Rise up with love stand strong in love till the day that we will
live in unity

Let every nation let every nation
Cry out for peace cry out for hope cry out for love and harmony
Let every nation let every nation
Rise up with love stand strong in love till the day that we will
live in unity
